

LEV L'NEFESH

Introduction to Application

Mazel Tov on your recent Simcha! May this be the beginning of much nachas brought into your home. We would like you to carefully read the following information before filling out the application.

Lev L'Nefesh is a service designated to help those for those that are unable to manage the great chasunah expense. It provides basic household items to the chassan and kallah who need assistance setting up their new home. We, therefore, will give priority to those that do not have substantial savings. This application will also take into account the kallah's assets. We understand that many times this money is necessary for the young couple. This will be taken into consideration, together with the obligation that the parents carry. The Vaad of Raritan Valley has determined certain guidelines and criteria for Lev L'Nefesh applications.

When filling out the application, be assured that all the information will remain confidential.

Mazel Tov!
